

HALF OF INSURANCE LAPSES.

Testimony of Townsley of Life Association of America.

New York, Dec. 20.—Henry P. Townsley, president of the Life Association of America, resumed his testimony before the Armstrong insurance committee yesterday. He said that his company started business as a stock company with \$268,000 in its treasury, all obtained from sale of stock. President Townsley receives a salary of \$15,000, the treasurer \$3,000, the medical director \$3,000, and the general counsel \$6,000. C. W. Townsley, son of the president, is the secretary and acts as a general agent. He receives no salary, but receives commissions, which amounted last year to \$4,400. The medical director is George G. Van Schick, a brother of the general counsel, who, with the witness, organized the company.

Mr. Townsley said that about half the business written by his company remains on the books. The remainder lapses. The Life Association of America, the witness said, does business in several states, including Rhode Island.

It was brought out last Mr. Townsley and Eugene Van Schick were directors of the Knickerbocker Investment company, which holds the majority of the trust voting certificates of the Bankers' Life Insurance company. The Knickerbocker company has pledged to it by the Knickerbocker company these certificates. The Life Association of America thus practically controls the Bankers' Life Insurance company, which is controlled by a board of voting trustees which expires in 1907.

BOWLING WAS LOW.

Eagles Took Two Out of Three From Eureka's Last Night.

The Eagles captured two out of three strings from the Eureka last evening in the league bowling match at Alexander's alleys. The first string was rather low for two such good teams as these and the cause was said to be the fact that a new set of pins was being used and the bowlers took some time to get used to them. Walsh had high single of 300 and Batchelder had high three string total of 574.

RATE BILL IS PUT IN

Senator Dooliver Measures for More Interstate Authority.

FAIR MAXIMUM TARIFF

Conference on Germany—Agreement on Canal Bill — Bolser to Be Assistant Treasurer at Philadelphia.

Washington, Dec. 20.—The administration rate bill was introduced in the Senate yesterday by Mr. Dooliver, Republican of Iowa. The bill was revised at a conference held at the White House Monday night in which Senator Dooliver, Attorney General Moody and Judge Clegg of Texas, an expert on railroad rates, were called to consult with the president. The bill confers on the Interstate Commerce Commission power to fix a maximum rate in cases where a rate is complained of as unreasonable, and thereafter any rate in excess of the maximum so fixed shall be unlawful.

Private car line service, refrigerating, elevator and other incidental charges are required to be included in schedules of rate charges and refrigerator charges shall be published separately.

The bill leaves the Elysee laws in full force and effect. There will be no meeting of the Interstate Commerce Commission before the holidays, but the Dooliver bill will come up immediately after New Year's.

A CONFERENCE ON GERMANY.

Secretaries Root and Shaw Discuss Moroccan Vindictive.

Washington, Dec. 20.—Secretary Root here in conference with Secretary Shaw and some of the customs' officials of the treasury, endeavoring to ascertain how far he can go toward proposing the basis of a feasible modus vivendi to the German government. At the expiration of seventy-one days the present trading relations with Germany will terminate, according to the terms of the denunciation already given, unless either a new treaty can be arranged or a modus vivendi provided. The executive cannot make any reduction in the tariff rates on German goods, but a very important part of the German complaint against the American tariff system is directed against the administrative regulations touching the method of appraisement of goods, vexatious requirements as to declarations, invoices, etc., some of which are matters of statutory law, but others admitting of amendment by executive order. It is along these lines of amending such treaty regulations that the state department is working toward a modus vivendi.

AGREEMENT ON CANAL BILL.

Provision as to Bonds Is to Be Restored.

Washington, Dec. 20.—Conferees on the part of the Senate and House on the Panama canal emergency appropriation bill agreed to restore to the bill the provision relating to the issuance of bonds for canal construction. The Senate struck out the provision regarding the bonds and passed as a separate measure a bill agreed upon by the Senate finance committee.

This measure was incorporated in the canal bill as section 1, taking the place of the bond provision adopted by the House. This had the effect of obligating the canal bonds, amounting to \$10,000,000, on a par with the existing two percent consols as regards their use as a basis for national bank circulation.

MORAN WILL NOT PAY FEES.

Suffolk County Medical Examiners to Be Treated Same as Other Witnesses.

Boston, Dec. 20.—District Attorney John R. Moran has turned his attention to the medical examiners of Suffolk county by stating that he will no longer sanction Messrs. Harris and McDonald drawing other than the regular witness fees when they appear before the grand jury and petty jury. In the past he has been the custom to pay a medical examiner \$15 when he testified before the grand jury and \$25 for giving his testimony before a petty jury. Mr. Moran declares that under the statute the medical examiner can only be allowed the fee of an ordinary witness, and further, bills of this nature which have been submitted to him, he has refused to approve.

The county's new prosecutor will also put a stop to the practice of paying the mileage of witnesses beyond the state line, which is as far as the law allows; declares that interpreters have been too much for their services and flatly refuses to sign orders for the advance of money to defray the expenses of police officers detailed to bring back a prisoner from any point beyond the confines of the commonwealth. It was his refusal to live up to the latter custom that caused a sharp controversy with the police board on Monday and resulted in Mr. Moran giving out a statement.

MISS ROOSEVELT'S RING.

No Engagement Band, She Says, But She Has Antique Gift.

Washington, Dec. 20.—Miss Alice Roosevelt has surprised her friends by announcing that she does not purpose having any engagement ring.

She is, however, wearing a beautiful antique ring presented by Mr. Longworth, some people say, at the outset of the Philippine trip. The jewel is a sapphire in a dull gold, very deep and clear in color, and of unusual brilliance, and was an heirloom in the Longworth family.

Mr. Longworth will spend Christmas in Washington, leaving the following day for Cincinnati, but returns to leave for New Year's day.
